

CAR NUMBER :

ONBOARD CAMERA FORM

19.2 SPORTING REGULATIONS:

All teams must ensure an On-Board camera is functioning during all sessions during the race meeting; camera switched on and recording, clear visual, clean lens, charged battery and sufficient memory on the card inserted to last the duration of the session. The camera must be facing forward and recording the view through the front windscreen unless advised otherwise by officials. Any party/team that fails to comply will be sent to the stewards and may result in a penalty during the event. Official on-board cameras may be imposed during the season, via bulletin.

1: TEAM DETAILS:

Team Name:

Team Manager Name:

USE OF THE CAMERA :

- I hereby certify that the onboard camera is for personal use only
- Other use (subject to permission)

GENERAL PRINCIPAL:

- The camera must be certified by the Scrutineers as being safe. Helmet cameras are not authorized. Cameras transmitting live video images are not permitted.
- The weight of the camera will not be included in the minimum weight of the car for scrutineering purposes
- The data from the onboard camera system may be used by or at the direction of the Clerk of the Course or the Stewards to investigate incidents.
- All data from onboard camera system(s) is/are property of the Promoter.
- The images may not be distributed, shared, or uploaded on the internet UNLESS SPECIFICALLY AUTHORISED BY THE PROMOTER
- If the camera is not for personal use, you will need to provide further information so that the promoter can assess the request.
